

steve tallis and the holy ghosts loko

"One of Australia's most eccentric and powerful singer songwriters"

Patrick Donovan @ The Age

"Trance-inducing spiritual music - as original as Captain Beefheart or Tom Waits.

Part Buddha, Demon, Mad Angel"

Ray Purvis @ The West

"Australian Griot."

Gil Onyett @ Black Routes

"In a musical milieu that values tradition, he is a bit of a maverick, a loose cannon, a highly individual performer with a strong sense of self worth. I've never heard anyone outside the black music idiom perform a cappella field hollers with such power and commitment. Intense, uncompromising."

Mark Doherty @ Rhythms

"One of the world's most unique, original, creative and fascinating songwriters."

Lutz Mastmeyer @ Glitterhouse (Germany)

"Challenging, echoes of Bill Laswell."

Mike Oldfield @ Bucketfull of Brains (UK)

"Blues Shaman."

Sue Yeap @ West

"A free-falling cross between Tim Buckley and Bob Dylan. Embodiment of the restless, independent artist."

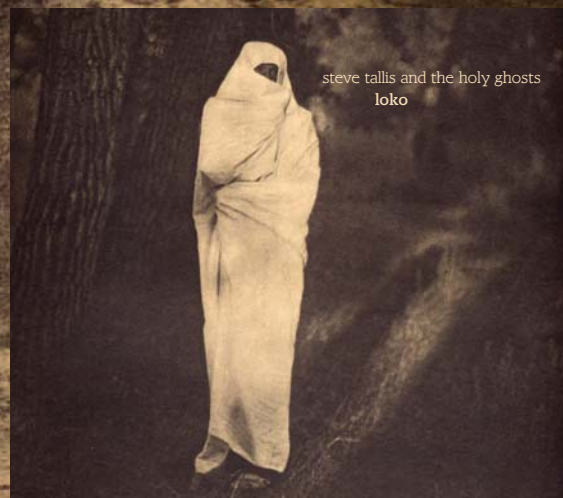

Fred Mills @ Magnet (USA)

"Transcendental, deeply personal lyrics, ecumenical, uplifting."

Big Mike Hotz @ Saturday Blues

"Confronting, sensuous, primeval, anarchistic rhythms."

Helen Farley @ Rave
